How can we help?

The VAC promotes the welfare of honorably discharged veterans of military service and their families. The VAC acts as a central service office for all veteran organizations and has general oversight of the distribution of emergency assistance to military veterans and their families.

Types of Assistance

- Assistance with rental and mortgage payments
- Utility payment assistance
- Transportation to medical appointments at the Captain James A. Lovell Federal Health Care Center.
- Emergency medical care is provided to any member of the veteran's immediate family who qualifies. Medical care includes hospital payments, outpatient care provided by Lake County clinics, emergency dental and vision care.

- The VAC provides burial and compensation claims assistance for the surviving spouse.

- If the veteran has a service-connected disability of 50% or more but less than 70%, then the annual exemption is \$5,000;
- If the veteran has a service-connected disability of 70% or more, then the residential property is exempt from taxation.

WORKFORCE DEVELOPMENT

Lake County Workforce Development offers a variety of job search services and training opportunities to help Lake County job seekers of all ages and at all levels of experience gain the necessary skills to be competitive in today's job market. Veterans receive priority of service, which includes specialty workshops for military veterans. Training grants are available under the Workforce Innovation and Opportunity Act (WIOA).

An Army veteran, Sheila looked for work for almost two years after she was laid off from a position as a claims adjuster. Lake County Workforce Development funded her to get an Associate degree in Human Services. As a part of her studies, Sheila completed an externship at a non-profit agency specializing in behavioral health. Upon completing her degree, Sheila was offered a full-time position at that agency as a client services representative. Sheila advises others to use the Job Center and tap into training scholarships.

James is a military veteran who went through a lengthy unemployment that led to homelessness and health struggles. He needed new skills to compete in today's job market. Workforce Development funded him for training as a professional commercial truck driver. He obtained a CDL license and accepted a driving position that almost doubles his past annual income. "Although times were rough, Workforce Development provided hope during a very bleak time in my life and helped me to defeat those challenges, and I am very optimistic going into the future."

VETERANS TREATMENT AND ASSISTANCE COURT

The Veterans Treatment and Assistance Court (VTAC) is a program that provides veterans involved in the justice system help and favorable alternatives. Through VTAC, the court partners in this collaborative program work to reduce recidivism, enhance public safety, and reduce the cost of the criminal justice process, including incarceration, by focusing on the underlying problems that the veteran is encountering with treatment, support and structure. The philosophy is that the VTAC Team's help and supervision will assist the veteran in resolving the issues that contributed to the criminal behavior, resulting in a permanent life change and preventing a recurrence.

Eligibility Criteria

- Honorable or General Discharge, after completion of boot camp, the veteran has a service related disability or is currently on active military duty
- Probation / supervision eligible felony, misdemeanor, DUI, and petty offenses
- Crimes against a person must have consent of victim (excludes violent offenses with serious injuries or where death occurred)
- Pre- and post-plea participation
- Willingness to participate in the program and preferably eligible for veterans benefits

Mentoring Program

Veteran mentors who support the participating veterans during the program are an integral and essential component to success. It is the mission of the mentoring program to help the veterans navigate through the court process, the VA system, and community readjustment. Mentors become guides, advocates, and allies to the veteran. If you are a veteran yourself and interested in becoming a mentor, contact Rudy Martin at Adult Probation Services – 847.377.3964.
